

COUNTRY GRASSLAND 2460 ORGANIC

Medium-late with clover

Profile

With the special composition of intermediate and late perennial ryegrass and white clover, COUNTRY Grassland 2460 is an excellent provider of palatable and high energy forage. The perennial ryegrass leads to high sugar contents and thus to improved ensilability and higher feed intake. Moreover the mixture has a high use elasticity. With regular overseeding, forage quality of pastures is maintained or even improved.

- ✓ High yielding, palatable forage
- ✓ Flexible in use
- ✓ Suitable for overseeding and undersowing

Components

48%	Lolium perenne (intermediate) Euroconquest, Explosion
45%	Lolium perenne (late) Sherlock, Valerio, Rossimonte
7%	Trifolium repens Abercrest, Liflex

Sowing pattern

New sowing, Overseeding, Undersowing

Locations

+++ = highly suitable | ++ = suitable | + = conditionally suitable | - = not given

Cultivation notes

New sowing	35 - 40 kg/ha
Overseeding	20 - 25 kg/ha
Overseeding, several times per year	7 - 10 kg/ha
Undersowing	15 kg/ha
Sowing time	from March to September
Usage per year	4 - 6

All organic mixtures are produced with 100 % organic content, if possible, in accordance with the EU Organic Farming Regulation 2018/848. For mixtures with at least 70% organic content, the farmer must obtain approval from his inspection body for the use of the conventional content before sowing, starting with production in January 2022. We aim to use at least 2 varieties per ripening group for mix proportions of more than 20 % of one species and for German ryegrass. The choice of varieties may vary depending on production. If individual species or varieties are not available, they are replaced by equivalent ones. The seed strengths are calculated for an optimal seedbed; in case of poor external conditions - such as insufficient seedbed, late sowing date, insufficient nutrient supply and unfavourable weather - the seed strengths should be adjusted upwards.

All specified informations, recommendations and representations mentioned here are made to the best of our knowledge and belief, but without guarantee of completeness or accuracy. We cannot guarantee that the properties described are repeatable. All information is provided as an aid to decision-making. Deutsche Saatveredelung AG excludes adhesion for damage or claims for damages, resulting of the use for the variety specified in this description. Mixture compositions may change if individual varieties are not available. As of 07/2023. Subject to change without notice.
