

# ESTRADA

*Lolium perenne*

## Profile

The late tetraploid Perennial ryegrass ESTRADA shows an excellent yield performance. This is valid for the total yield in grazing and cutting. This strength is combined with a very good persistence and good rust and Helminthosporiose resistance. Winter hardiness is also interesting.

National listing/Official recommendation:  
FR, NL

- ✓ strong yield performance
- ✓ good rust and Helminthosporiose resistance
- ✓ interesting for grazing and cutting

## Suitability

Ploidy	tetraploid
Maturity	late
